* Members present: Lawrence Peck, Chairman; Richard Hope, Chair; David Caron, Chair.

The meeting was held at the Town Hall on Thursday, October 21, 1993 at 7:00 p.m.

First on the agenda, Mark Farrell appeared before the Board and recommended that the Board obtain the following information from Green Associates: topography maps from fly over and reproducible media; a copy of the 1984 report to Water Pollution Control; the soil test from the field near the pond and other areas in town that they might have done; copies of any Step-2 work that they have done (design work). Obtaining said information is necessary in order to continue going forward with sewerage.

MOTION was made by Richard Hope, seconded by David Caron and it was UNANIMOUSLY VOTED to obtain the information from Green Associates.

Second on the agenda, discussion took place concerning the school septic system. Mark Farrell advised that he had some major concerns with the plan: the mounding under the system and secondly, that only one (1) perk test was done directly under the system. He recommended to the Board that another perk test be done.

MOTION was made by Richard Hope, seconded by David Caron and it was UNANIMOUSLY VOTED to have another perk test done and that if it perks within the acceptable limits to hold a Special Meeting for purposes of approving the system. The cost of the perk test is to be taken out of the Board Of Health's Expense Account.

*The plan was, in fact, approved at a Special Meeting on Monday, October 25, 1993.

Third on the agenda, Richard Hope suggested that Mr. Jeuder be vaccinated for Hepatitis because of the syringes, etc., which he has been handling at the town dump while working.

MOTION made by Richard Hope, seconded by Lawrence Peck and it was UNANIMOUSLY VOTED that Mr. Jeuder would be vaccinated for Hepatitis and that the Town would incur the cost.

MOTION made by Richard Hope, seconded by Lawrence Peck and it was UNANIMOUSLY VOTED to adjourn the meeting.
