Meeting called to order at 5:36 PM

Discussion with Dolores Hawes re: 25 Central St- leachfield breakouts began at 5:50 PM
In attendance: Dolores Hawes, Attorney Ernest Biando,

Dan Leahy reviewed the situation that he had observed on his visits to the site with Mike Seery. He explained possible reasons why the system may have gone anaerobic. He also discussed possible methods of remediation. During the discussion it was learned that the owner has worked on the pump chamber for the system on several occasions. Twice the owner has replaced the mercury switches because they were broken. Dolores Hawes stated that photos of the system were taken when she first started having problems with it. These photos were e-mailed to Mike Seery. Mike will check on the photos. The board proposed to Dolores that she try one of the advertised remediation systems such as "White Knight" or "Aquaworx" as a first step.
