

**Town of Brookfield
Selectmen's Meeting - Special
MassDOT Office, Belmont Street, Worcester, MA
Monday, July 9, 2012**

At 9:00 am the Selectmen began an informal and informational meeting at the MassDOT office in Worcester.

Camera Operator: None
Press: None
MassDOT : Maury Tayarani, DOT Project Manager; Pamela Marquis, MassDOT – Highway Division, Right of Way Compliance Administrator; John Byatt, Structural Team Leader, CLD Consulting Engineers, Inc.; Robin Giando, MassDOT – Highway Division, Community Compliance Officer; and Arthur Frost, MassDOT – Highway Division, Project Development
Others: James Correia and Patricia White, owners of White’s Landing

The purpose of this informational meeting/site visit was to discuss with the owners of White’s Landing and MassDOT personnel options for the Quaboag River Bridge project. No votes were taken, even though it was a duly posted meeting. All Selectmen were present

Topics discussed included refurbishing the existing bridge, making plan changes on the 25% design.

- In general, James Correia and Patricia White clearly and loudly expressed their opposition to all options but one: refurbishing of the bridge with the existing footprint.
- They further rejected all other possibilities, including lowering the road, removing a sidewalk, reducing the width of the new road, not paving their parking lot, among others.

The meeting ended at 11:00 am.

Respectfully submitted

Rudy Heller, Clerk

Approved: August 7, 2012
