BOARD OF SELECTMEN

4. Submit Phase II Inspection and Investigation Report to ODS no later than September 30, 2012.
5. Bring the dam into compliance and complete all repair, breach or removal no later than September 30, 2013.

In accordance with M.G.L. Chapter 253 and 302 CMR 10.00, it is the sole responsibility of the dam owner to protect public safety by conducting regular inspections, and operating and maintaining in acceptable condition, a regulated dam.

If you have any questions please do not hesitate to contact Ed Hughes at 617-626-4965.

Sincerely,

William C. Salomaa, Director
Office of Dam Safety

- Cc: Edward M. Lambert, Jr., Commissioner, DCR
Jack Murray, Deputy Commissioner, DCR
Michael Misslin, Acting Chief Engineer, DCR
Ariana Johnson esq, DCR
Dam Safety File

1. Conduct Follow-Up inspections - The frequency for Follow-Up inspections remains the same. The Follow-Up inspection Reports must be completed every six months until the dam is repaired or adequately breached.
2. Identify your selected engineer and inform ODS no later than July 16, 2012.
3. Commence Phase II inspection and investigation no later than July 30, 2012.
